Vadodara, Gujarat, India

SUMMARY

Certified Ethical Hacker (CEHv13) and cybersecurity professional with hands-on experience in penetration testing, vulnerability assessment, and network security. Demonstrated expertise in web application security, OSINT, cryptography, and threat analysis through practical internships and CTF challenges. Seeking to leverage technical skills and security mindset to contribute to Google's security infrastructure and protect user data at scale.

EDUCATION

Bachelor of Technology in Computer Science with Cyber Security <i>Parul Institute of Engineering and Technology</i>	Vadodara, Gujarat 2023 – 2027
Higher Secondary Education <i>Modern Academy</i>	Gaya, Bihar 2021 – 2023
Diploma in Computer Application <i>Wizard-Tech Computer Academy</i>	Hajipur, Bihar 2021
Secondary Education <i>Surajdeo Memorial School</i>	Hajipur, Bihar 2021

TECHNICAL SKILLS

Security Skills: Penetration Testing, Vulnerability Assessment, Web Application Security, Network Security, OSINT, Threat Analysis, Security Auditing, Wireless Security
Security Tools: Burp Suite, Metasploit, Wireshark, Nmap, SQLMap, Aircrack-ng, OWASP ZAP, Kali Linux
Attack Vectors: XSS, SQL Injection, IDOR, CSRF, CORS Misconfiguration, HTML Injection, Payload Development
Programming: Java, Python, SQL, HTML/CSS, JavaScript, Bash Scripting
Networking: CCNA Certified, TCP/IP, Network Traffic Analysis, Packet Analysis, Network Protocols
Other: Reverse Engineering, Cryptography, Secure Coding Practices, CTF Competition Experience

PROFESSIONAL EXPERIENCE

Cybersecurity Intern <i>Hacktify Cyber Security</i>	February 2025 – March 2025 <i>Remote</i>
Performed in-depth web application security testing to identify and validate critical vulnerabilities, developed proof-of-concept exploits, solved advanced real-world CTF challenges, and collaborated with developers to strengthen secure coding practices and overall application security.	

CERTIFICATIONS & TRAINING

- **Certified Ethical Hacker (CEHv13)** – EC-Council
- **Cybersecurity Foundation** – Palo Alto Networks Cybersecurity Academy
- **CCNA: Enterprise Networking, Security, and Automation** – Cisco
- **Tata Group Cybersecurity Analyst Job Simulation**
- **Mastercard Cybersecurity Job Simulation**
- **Cryptography and Network Security Certification**

KEY PROJECTS & ACHIEVEMENTS

- Completed 4-week intensive penetration testing bootcamp covering OWASP Top 10 vulnerabilities with hands-on exploitation and remediation exercises
- Participated in multiple Capture The Flag competitions, demonstrating proficiency in web exploitation, cryptography, forensics, and reverse engineering challenges
- Conducted security assessments identifying critical vulnerabilities in web applications, providing detailed reports with risk ratings and remediation strategies
